VOLUME 43-NUMBER 49

THURSDAY, SEPTEMBER 24, 1981

BELLE GLADE-PAHOKEE, FL.

Among the many persons on hand for the election returns were Mrs. Goforth , Mrs. Grear and William Grear, III.

Goforth, Grear win run-off election

BELLE GLADE – Political newcomer George Goforth, Jr., defeated Incumbent Commissioner Derothy Walker, for the North Borough city commissions and Forner mayor and commissioner William. Bill Green, narrowly defeated Daniel Lawood, for the West Borough seat in a run off election of the Goforth, the owner of G & G Radiator Shop, received 1,226 of the 2,496 votes cast. Goforth defeated Walker by a margin of 44 votes. Walker received 1,182 votes with ten of those absentees.

Before City Clerk, June Bogliol could announce the results to a large crowd gathered at the Belle Glade Fire Department, Walker having overlooked the tally sheet being prepared by City Attorney John Baker, congratulated Goforth on the win and told her many

supporters she had lost.

Immediately after Mrs. Boglioli announced the results, Goforth said he was glad the election was over and gave thanks to his many supporters.

"I won because of a lot of people doing a lot of work. It was a combine effort by the people who supported me and they should be given the credit", said Goforth. After last week's election in which Waker received 1,013 votes to Goforth 548 votes, Goforth said, he got out and did more foot work and made more personal contacts with the citizens of the community.
"I expected the race to be close. I commend Dorothy and her supporters for a good, tough, fight, "said Goforth.

and her supporters for a good, tough, fight, said Goforth, In the Sept.15 election, Walker only needed 11 votes to keep from going into a run-off. Following the election, members of the Glades In the Sept.15 election, Walker only needed 11 votes to keep from going into a run-off.
Following the election, members of the Glades Citizens In Action, protested that there was a discrepency between the total ballots cast in the election and the votes cast in the East Borough race.
Calvin Darville, presented the protest to the City Canwassing Board and asked that the ballots be taken

Pahokee citizens comment on millage

By JEFF BROWN

Goforth and Grear win. George Goforth, Jr. and William "Bill" Grear were elected North and West Borough Commissioners, respectively in a run_off election held Tuesday.

PAHOKEE - The Pahokee City Council Tuesday night heard citizen input on the city property tax millage rate, and decided to hold another workshop in an attempt to lower the rate before finalizing the

budget.
Council Chairman George Rashley told the group
of citizens gathered at the public hearing that the
council will attempt to lower the 6.5 millage rate to

5.5.
"I don't know whether we can get it to five and a half," he said. "This is a bare bones budget as far as I can see." A group of about 75 citizens attended the hearing

to air their views on the combination of government action and inaction which resulted in tax increases of up to 200 per cent. The county reappre

of up to 200 per cent.

The county reappraised property in the city, and
the property values in the area increased an average
of 65 per cent, according to Rebecca Walker, county

appraiser.

At the same time, the city's tax base was lowered due to the increase in Homestead and other exemp-

PAHOKEE - The Pahoke Housing Authority will be removing recreational items from playgrounds due to a recent lawsuit, and a resolution recently adopted by the board will result in a loss of revenues. The lawsuit is the result of an incident six months ago when a child was allegedly harmed while using a sliding board in an authority run playground, Randall J. Mills, PHA manager, told the commission Thursday, September 17. According to Mills, an investigation found that a sliding board was dismantled and the trough left ty-

adopted by the board will result in a loss of revenues.

The lawsuit is the result of an incident six months ago when a child was allegedly harmed while using a sliding board in an authority run playground, Rau-dall J. Mills, PHA manager, told the commission Thursday, September 11 investigation found that a sliding board was dismantled and the trough left by-ing in the playground while the board's steps were repaired.

The trough was removed from the site, but reap-peared after Christmas in bad condition.
Children propped the trough up against some monkey bars for use, and one child injured him or herself on the damaged board, according to Mills.
The suit was delayed because of a law prohibiting the filing of legal suits against a government or its agencies until a six month time period has elapsed, according to Mills.

attorney.

Resolution 225, adopted by the commission at the meeting, raises the utility allowance to be deducted from the gross monthly rent of housing authority

tenants.
The resolution was adopted to comply with standards set by the Department of Housing and Urban Development
It raises the amount to be deducted from the rent

of a zero to one-bedroom unit from \$15 to \$17.

Tenants in a two-bedroom unit will have \$24 deducted from their rent, an increase of \$5.

The deduction for three bedroom units will be in-

tions.

Instead of rolling back tax rates with the increased assessed valuation in the city, the council has decided to retain the current 6.5 millage rate.

Many land owners told the council that this created an inequitable situation.

"We don't mind paying our fair share," one pro-

Mills informed the commissioners that he was taking action to evict a tenant for non-payment of rent. This will be the second eviction in four years, he said.

"It think it speaks a lot of our collection policies and our tenants that we've only had one eviction in four years," Mills told the board. "We're here to house people, not put them out of housing."

"It think that's a remarkable record," said Baines. In other action, the board passed a resolution commending Elizabeth Rizer who recently left her position as PHA accountant. Mills also announced that PHA Board of Commissioners chairman Mead Maxwell was resppointed to the board for a four-year term.

PBA dedication set Friday

authority creased from \$22 to \$31, and the deduction for four, five and six bedroom units will be upped to \$39 from the current \$25. The new allowances will be effective October 1. Resolution 226, also adopted to comply with HUD standards, raises the maximum rent the authority can collect for a unit from \$200 to \$215. This will help offset some of the loss incurred through Resolution 225, according to Mills.

The Belle Glade Police Benevolent Association will dedicate its clubhouse Friday, Sept. 25, between 5 and 8 p.m. The clubhouse is located at Jaycee Ballpark, off Canal Street. The clubhouse will be dedicated to the late Detective Tim Corderman, who died of cancer in 1979. Det. Corderman's parents, who live in Goulds, Fla., have been invited to the ribbon cutting and barbecue, along with local dignitaries and businessmen. Local police officers have worked on the building in their of-duty hours over the past weeks to renovate the clubhouse for the dedication. Many local businesses have contributed supplies or donations to the project.

Nursing program set

Registration is currently underway. The course begins Nov. 2. An instructor is being sought for the course.

For more information, call 996-4930.

INDEX

Elementary School Thursday, Sept. 24, from 7 to 8:30 p.m. All parents with students attending Pahokee Elementary School are encourged to attend. The school's administrative staff and teachers will be on hand to greet and talk with parents, concerning questions they may have about their children and the programs outlined for the 1981-82 school year.

win election

think a machine could be programed to give that information.

The recount of the votes in West Palm Beach showed
no change, but did answer Darville's question of how
many persons voted in each race.

The recount showed that 95 persons did not vote for
any candidate in the East Borough race, while 17 voted
ridiate for that race.

Darville said he was satisfied with the results of the
recount and the recount results demonstrated the need
to educate voters on the use of the Votomatic
machines.

to educate voters on the use of the Votomatic machines.

Grear defeated Bythwood by a margin of eight votes. Bythwood received 1,176 votes and Grear received 1,184 votes. Not counting the absentees, Bythwood beat Grear by 16 votes, however with Grear receiving 32 absentee votes and Bythwood only five. Grear was announced the victor.

Grear said he will be looking to Bythwood for support and suggestions.

"I commend Bythwood for a good clean race. This was the hardest race for me and I wish to thank my many supporters", said Grear.

"While going door to door, I found I had lost touch with many of the clitzens of the community", Grear added.
"I must get back in touch with the public again and

add must get back in touch with the public again and added must get back in touch with the public again and get their ideas as to what they want. he added.

A stoal of 7 e.408 votes were cast in the East Borough.

2,360 in the West Borough and 38 absentee votes.

Three hundred and sevently more persons voted in the run-off election than last Tuesday's election, but the total number of persons voting in run-off election constitues less than half of the city's registered voters. There are approximately 4,955 persons registered to vote in the city.

The City Canvassing Board was expected to declare the results of the run-off election are correct, and that the election was conducted fairly and without fraud, Wednesday evening.

A TRACTOR-trailer rolled over in the accident, injuring a Miami man.

3 injured in smashup

An accident on U.S. 27, seven miles south of So. Bay about 5 p.m. Tuesday, Sept. 22, has left three persons injured, according to a spokesman for the Florida Highway Patrol.

Among those injured were Maria Angeles Alfonso, 24, of 517 S. E. 2nd St., Belle Glade, Magda Rothman, 25, of 505 N. E. 3rd St., Belle Glade, and Jacques Deshommes, 41, of Miami.

According to a report filed by Trooper C. Floyd, the two women were northbound on U. S. 27 in a 1980 AMC, when Ms. Alfonso slammed on brakes to avoid another car stopped in the road The car skidded into the south-bound lane and collided with a 1971 Dodge driven by Joseph Warren Ludlum, 24, of South Bay.

A 1974 Mack tractor, driven by Deshommes, also hit the AMC and then turned over.

Charges are pending.

TWO Belle Glade women were injured in a three-vehicle accident Tuesday afternoon on

Pahokee taxes—

perty owner told the council. "I want to pay my share, but I want them (exempted land owners) to pay their share too."

"On the coast, my house might be worth 50 per cent more (than the assessed value)," Murray T. Brinson said. "Here, I don't think I can sell it for the assessed value. As far as the county is concerned, I think they've gone nuts."

"Come out to the office and fill out a review form and we'll be happy to review it," said Jim Packwood, a county property appraiser.

"It's a combination of millage and assessment," Brinson said. "I'm not complaining about the assessment and I don't think a lot of people here are, because like the lady (Walker) says, they probably haven t been kept up to date. I question what you're (city council) going to do with that extra increase."

"Inflation is the only thing I can figure out (to account for tha increase in the budget," said Rashley.

"I would like to ask the council to take the budget."

"I would like to ask the council to take the budget hack and cut it deeper," said Randall Mills. "The on-ip people who are paying for the increase for services as the people who own property." If the millage rate remains at 6.5, it will generate

Hospital costs fluctuate

Your doctor has informed you that you must enter he hospital for tests or even treatment. It may be a lengthy stay. What do you do? Enter the local hospital and undergo the

Enter the local hospital and undergo the necessary tests or treatment, right?
Not necessarily, According to the Florida Hospital Cost Containment Board, you should shop around for the best buy. Some hospitals, you see, charge more than others.
Fine, but how do you find out which hospitals are, shall we say, more reasonable than others? Well, once again those folks at the HCOS are prepared oid us in the hour of our direst straits.

once again those tooks at the TOCB are prepared to aid us in the hour of our direst straits. The HCCB has published 13 different regional versions of a leaflet titled "What You Should Know About Hospital Costs."

whout Hospital Costs."

According to the leaflet, the two local hospitals, overglades Memorial and Glades General, are mong the lowest in the region.

Glades General Hospital, at \$124, charges the owest average cost per day of any other hospital in

It also charges lower than Everglades Memorial for emergency room facilities: \$22 and \$25 respec-

for emergency room facilities: \$22 and \$25 respec-tively.
In almost all other areas and services, Everglades Memorial charges less than Glades General.
A semi-private room in Everglades Memorial costs \$85, \$3 less than in Glades General. If you

need surgery, one hour in an operating in Glades General will run \$270. In Everglades Memorial, it

will cost \$153. A urinalysis will cost \$10 in Everglades Memorial, \$1 in Glades General, according to the board. A chest x-ray with two views will cost \$23 in Everglades Memorial, \$36 in Glades General. Glades General average daily cost of \$124 makes it the lowest priced general hospital in the region, and the \$229 charged by Everglades Memorial makes it third lowest behind Bethesda Memorial, which charges \$224.

The officers of the HCCB recommended that consumers shop for the hospital that best suits their needs.

Saving lives

We witnessed the aftermath of a serious accident on State Road 80 Tuesday afternoon which made us think.

A woman been badly injured in a collision

with a truck hauling a bulldozer. One side of her car had been ripped open in the crash and she had been thrown to the ground with

she had been thrown to the ground with multiple injuries.

An ambulance crew from Glades General Hospital soon arrived on the scene and began assessing the injuries and stabilizing the condition of the patient.

The crew worked quickly, calmly, and professionally to save the life of the victim, who seemed conscious throughout the ordeal.

20 YEARS AGO GLADES OBSERVER SEPTEMBER 14, 1961

Agricultural Insecticide Company, Inc. of Belle Glade opened their No. 2 store in Pabokee. The store handled a complete line of seeds, feeds and farmers hardware. The Coria Gables F.H.A. office announced approvals of Parkview Manor subdivision in Pahokee, known as the "Orange Grove." Several homes had already been sold, and the construction was expected to begin within three weeks.

construction was expected to begin within three weeks.

The \$13 million sugar mill to be built at Belle Glade was the second biggest new industry announced during the month of August by the Florida Development Commission.

The new sugar mill, to be built by Florida Sugar Cane Growers Cooperative, a local organization, was scheduled to open in Dec. 1962 and was to employ approximately 1,000 neonle.

people.

The Pahokee City Council was asked to consider the possibility of extending city water mains to serve the new subdivision being built in Canal Point.

in Canal Point.

The council also approved the plan submitted by Florida Power and Light Co. for rebuilding the power lines along Bacom Point Road from the Baptist Church to the city park when the road is widened and sidewalks built.

They showed compassion and concern from the time they arrived on the scene until they loaded the patient onto a Palm Beach County

loaded the patient onto a Palm Beach County. Sheriff's Department helicopter for the flight to Glades General Hospital.

We were impressed by the performance of these life savers. And just for the record, their names are Karen Shellenberger, Jack McCartt, Sharon Ullery, and Don Manger.

We don't always think about or appreciate our emergency medical technicians and paramedics. It is reassuring to know that our area is served by such dedicated professionals.

MIL JONES BOILER PLATE

Unlikely feminists

As the father of a little girl, I have become more of an avowed feminist over the past seven years than I ever thought possible. Now, I don't mean that I support the Equal Rights Amendment because there are some things in there that scare me stilly.

Besides there are other feminists around theee days, such as Ronald Reagan and Strom Thurmond, and I'll alude to them a little later on.

I believe that women should have the right to take advantage of any of the opportunities that our society offers.

I believe that women should have the right to take advantage of any of the opportunities that our society offers.

You may feel the same way about your little girl that I feel about mine. Whatever she wants to to be-Olympic athlete, Miss America, or President of the United States—she should be able to strive for.

For this reason, I was pleased to see that Sandra Day O'Connor Monday achieved a historic first in being the first woman confirmed as an associate justice of the Supreme Court.

Those other feminists that I mentioned earlier played central roles in this historic event.

Ronald Reagan nominated Judge O'Connor and Strom Thurmond, chairman of the Senate Judiciary Committee, said 'This is truly a historic occasion,' in leading off a series of 22 speeches praising Reagan's first Supreme Court appointment.

There was a lot of hoopla when the appointment was first amounced, but when the Senate got down to brass tacks, O'Connor received 99 of 100 votes to confirm her appointment.

The only senator who didn't vote for her was out West, attending another conference.

I think that Reagan made an excellent choice in The first woman, regardless of who he might be, appointed to the Supreme Court was bound to receive the Ill glare of nedia attention, O'Connor Indied it well. It's incredible that men have been able to control the Supreme Court for almost 200 years. But then you have to consider that women have been accorded a seat on the nation's highest judicial bench in my lifetime. I'll have to confess, however, that I'm looking forward to the day when we get to the point that the first woman this or that is no longer news.

With O'Connor's appointment, we brought ourselves-a little bit closer to that reality.

woman this or that is no longer With O'Connor's appointment little bit closer to that reality

validated.

Alfred Meeks was elected president of the Pahokee High School Class of 1952 at a meeting of members of the Senior Class. With one road project completed, residents of the Everlgades could look forward to im-

provement of two other highways that form a part of the Palm Beach County network of

roads.

Chairman of the County Commission Paul Rardin said the State Road Department was scheduled to let the contract for improvement of Bolles Canal Road.

Rardin also reported that Rubin Construction Company started resurfacing a stretch of road between Twenty Mile Bend and Six Mile Bridge.

40 YEARS AGO THE EVERGLADES NEWS SEPTEMBER 19, 1941

A quarter of a million dollar Glades land deal was completed by C.A. Bailey, a Pahekee realtor, for the purchase of 6,000 acree lying north of the St. Lucie canal and frounting on Conner's Highway for a distance of five miles. The Farm Security administration purchased the land from the Bessemer Properties corporation and G.H. Tucker. Total-acreege in the deal amounted to 5,209 acres.

The Farm Security administration was to provide a co-operative farming project for 150 wincome families. In addition to farming, these families were to raise livestock and dairy cattle.

At the executive board meeting of the South Bay Parent-Teachers Associationthe years program of work was planned and plans were

made for the annual teachers reception. Mrs. F.W. Mutchler and Mrs. Laura Willits were appointed on the entertainment committee and Mrs. Lessie Ellison was in charge of the hospitality committee.

50 YEARS AGO THE EVERGLADES NEWS SEPTEMBER 18, 1931

Executives of the new sugar company management in Canal Point authorized construction of a tractor shed and minor repairs. Assets of the United States Sugar Corparation, which were to take over the Southern Sugar Company, were listed as totaling approximately \$14,000,000. How to induce painting of houses and improvement of grounds was discussed at the regular Friday lucheon meeting of the Pahokee Rotary Club following a report by President W.P. Jernigan, Jr., in which he quoted a woman as saying there was no incentive to her to keep her place in good order when neighbors' houses were unpainted and the grounds weedly. The same should be suppress. Had resumed its schedule of runs on the east coast, a fleet of trucks operated by the sherriffs of Dade, Broward and Palm Beach counties to carry non-resident unemployed persons, men, women and children, from one county line to the other on their way to the state boundary.

R.D. Hawkins suffered painful injuries to his cost and leg in an accident with his Fordson tractor.

Word had been recieved that Mr. and Mrs.

tractor.

Word had been recieved that Mr. and Mrs. Ivan Van Horne, who spent the spring with Mrs. Van Horne's perents in Clewiston were getting along nicely in their new location at Southport, N.C., where Mr. Van Horne had a position with the Huffman Construction Company at the Cape Feer project.

Woman injured

in auto crash

Mrs. Carole Miller Oglesby of 710 Ponce de Leon Ave. Clewiston, was critically injured about 1:16 p.m. Tuesday, Sept. 22, in a two-vehicle accident on State Road 80, about 10.5 miles east of Belle Glade.

"According to Trooper Rick Campbell, Mrs. Oglesby's car, a 1979 AMC Hornet, was east bound when it collided with left front of a tractor trailer, hauling a bull dozer.

"The tractor trailer, driven by Ira Allen of 1241 S. W. Ave. E, Belle Glade, had slowed to about 15 m.p.h. to turn onto a Shelton Ranch road.

The left side of Mrs. Oglesby's car was torn away, the car spun around and came to rest on the shoulder of the road. A Glades General Hospital ambulance crew responded to the accident and worked on Mrs. Oglesby on the shoulder of the road.

A Glades General Hospital ambulance crew responded to the accident and worked on Mrs. Oglesby for about 30 minutes at the scene.

A Palm Beach County Sheriff "Department helicopter flew her to Glades General Hospital for treatment.

Trooper Campbell said late Tuesday that

At the end of 48 minutes of play, the North Shore Mustangs, who seemingly get beaten annually by the Ratiers in logalded games, went home carrying a 39-6 loss on their shoulders.

The Ratiers opened the scoring early. Only a minute and five seconds into the first quarter, quarterback Jacob Rhames threw a 67-yard touchdown pass to Ray McDonald. The extra point attempt failed.

"It was too raggedy," said Coach Ben McCoy of It was too raggedy," said Coach Ben McCoy of the control of t

attempt failed. The way should have the exact part attempt failed. "It was too raggedy," said Coach Ben McCoy of the Raiders' play. "They gave up too much in end runs. We'll be working on everything this week." The Mustangs' sole score came on a third quarter pass interception which was run in for the touchdown. An attempt at the two-point conversion failed, leaving the score at 25-6 until the last period. It was the first time the North Shore Mustangs scored against the Raiders since McCoy took over three years ago.

scored against the rangers since sinces.

They never should have scored," said McCoy.

"They never should have scored," said McCoy.

The fourth quarter, the Raiders put 14 points on
the board via two touchdowns and a safety, and the
game ended 39-6.

the Raiders had problems keeping their hands on
the ball, fumbling four times in the game and

recovering only once.

In other turnovers, the Raiders intercepted one Mustang pass and threw two interceptions.

Glade Central defense held the Mustangs to a total loss of 29 yards in the game and gave up only three first downs.

The Raiders picked-up ten first downs, 197 yards

LaBelle rings up sixty points as Christian Day drops second game

The score tells it all: 60-0.
The Belle Glade Christian Day Crusaders, trying to rebound from a disappointing 12-6, double overtime loss to Okeechobee two weeks ago, travelled to LaBelle and fell – long and hard.
The Crusaders tried to make it look respectable and trailed only 6-0 at the end of the first period. But in the second quarter, the LaBelle team scored 28 noints.

But in the second quarter, the LaBelle team scored 28 points.

The scoring wasn't over as the LaBelle squad, deciding not to leave well enough alone, put 14 points up on the board in the third quarter and 12 in the last quarter.

points up on the outra in the third quarter and 12 in the last quarter, and rushed for only 86, yards, compared to LaBelle's 47 yards.

Third and the some state of the some state of the considerable of the some state of th

The depth of the LaBelle bench wasn't the only problem, according to Salvatore. "They have a very experienced team," he said. "We have four guys with high school experience. I started three eight problem, according to Salvatore. "They have a very experienced team," he said. "We have four guys with high school experience. I started three eight graders and started only two seniors. Our team is mostly an eighth, to eleventh grade team." The team will nake some changes in the offensive line when they travel to St.Edwards. That game is scheduled for Saturday at 2 p.m. "The defensive line is okay personnel wise," Salvatore said. "The offense couldn't keep the ball more than a couple plays." "We're going back to a school more our size," he added. "We should do a little better."

Gators win 26-9

Last year's state Class 1A football champions returned to their winning form last Friday, as the Glades Day Gators beat King's Academy 26-9.

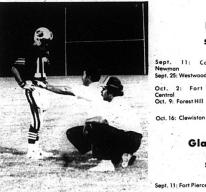

Gator halfback Tobin Van Scoy led his team with three touchdowns and 101 yards rushing in 17 carries.

DIVISION LEADERS in the batting average and home runs categories were given trophies at Airport Park Tuesday night before the start of the Belle Glade Men's softball play-off games. Here, Tim Laster receives the trophy for his B Division leading average of .548. Other winners were Craig Kleibl, who batted .652 in the A Division, Gary Bradshaw, who's 11 home runs led the A Division and Ron Pittman, who had five round trippers to lead the B Division.

A PLAQUE WAS DEDICATED to the memory of Jerry Vulgamore Monday night in Airport Park, Belle Glade. Sue Vulgamore, Jerry's mother, is shown in front of the plaque with roses presented to her in the ceremory. Vulgamore, a former softball league standout, died in an automobile accident last year. The Belle Glade Men's League players purchased and presented the plaque and roses.

GLADES DAY coaches talk to their quarterback Friday night. The Gators won their first game Oct. 2: Cardinal Nev of the year and are ranked in the top 10 of the Oct. 9: Twin Lakes Florida Sportswriters Association poll.

New directories being distributed

BELLE GLADE - Western Palm Beach County residents will begin receiving their 1981 edition of the Southern Bell Customer Directory on Sept. 30. With a tranquil palm tree at sunest occure on the cover, the new reference book on the telephone system is again a reminder of the beauty of South Florida.

Florida.

The 1981 directory has 12 more white pages and 27 more yellow pages than last year.

"The printing of the directory is an enormous undertaking which many people just take for granted," said Bob White, Southern Bell's local

manager.

"The 1981 book took 18,000 pounds of paper, 137 pounds of glue and 293 gallons of ink to list the names and numbers," said White.

This year's book features the community service number pages and the handy customer guide pages which help make telephone service much easier to use.

which help make cuerpoone source.

The customer guide pages consist of four sections. Each section is designed to answer customer's questions about using the telephone.

Subjects ranging from how to make an international call to money saving tips are addressed in this easy-to-use set of instructions.

"The telephone directory can provide the answer to almost any question a person may have about his

AND SPAGHETTI

BK&J's

telephone. Yet, many people take it for granted. This 1981 directory, like its predecessors, emphasizes making the telephone more convenient to our customers," said White.

Customers are requested not to call the Business

office about when their directory will be received un-til after Oct. 12. After this date, anyone who has not received his new book ahould call his local business office. The number for residence customers is 986-9000 and for business customers 996-9011.

Kidnapping—

of one of the suspects was beaten and is presently hospitalized at Everglades Memorial Hospital. Hatton told sheriff deputies he was alright, and he had not being beaten. He also said he did not recognize the two men who took him from his apartment Sunday, but said he knew Meeks was his prifficially sunda.

took him from his apartment Sur Meeks was his girlfriend's uncle

Meeks was his grittiend's uncle. Hatton was setting up his apartment and was in the bedroom when Miss Dunnaway answered the door. Meeks and Alphine tied up Dunnaway and Hatton was taken to Mrs. Lovett's home in Lantana.

Michael D. Miller, state attorney, told Judge Adams, the state was asking that the bond of \$500,000 for each suspect not be lowered.

Smith asked that each defendant's bond be lowered.

"Kipnapping is a first degree felony and the victims should not have to walk the community in fear", said Miller.

Judge Adams agreed to set the bond at \$600,000 until a hearing could be held.

Miller also said the suspects had plans to leave the area and with a lower bond than \$600,000, there was the possibility of the suspects still leaving the area. Smith argued that several of the suspects had roots in the community and that was unlikely.

At press time, the suspects was to appeared before Judge Adams for the bond hearing.

Donna Lovett of Lantana was one of five suspects held in the kidnapping of Bruce Hat-

"We're saving about \$30 a month on our electric bills."

Mr. and Mrs. Pruthi of Boca Raton aren't really surprised they're saving money on energy. You see, when they decided they wanted a new house, they also decided it must be one with maximum energy efficiency — and maximum comfort. Naturally, they picked a Watt-Wise

comnort. Naturally, they picked a Watt-Wise Living" home.

What's Watt-Wise Living? It's a combination of features that meet FPL's energy-saving standards and can be easily included in the construction of a new home. Over a period of years they can save you substantially more than they cost. Naturally, how much you save will depend on your lifestyle and conservation efforts.

Watt-Wise™ homes have cost-saving features like extra ceiling and wall insulation, solar or heat-recovery units for water heating, a higher-efficiency air conditioner or heat pump, power savers like fluorescent lighting and a microwave oven, and thermally efficient windows and doors, (with glass areas planned to minimize heat build-up).

Today, there are many ways to save on electricity without giving up comfort. You'll find them in FPL's Watt-Wise Living Program. Stop by your local FPL office and pick up a free brochure. Today, it's one of the wisest investments you could make.

Watt-Wise Living. It saves you more than it costs. Ask your builder.

i i

The sun hasn't risen yet.
It's still dark as the car pulls up beside the plane.
Two men get themselves and their coffee out of
the car and make a few checks on the DC-3. The
tens that serve as tube coyers are removed and the
tatch opened. The pilots and their passengers
stner, strap up and are ready to leave.
The plane taxis down the runway, stops at the end
of it and the pilot, Howard Barker, and co-pilot, TR.
Wilson, run through their last minute check list.
They're ready to go.

They ir eady to go.

They air plane turns, the engines roar, the runway passes underneath, faster, fas

passes underneath, faster, faster, faster. The horizon, seen through the window, disappears, left to the confines of that natural law called gravity.

The passengers barely feel the plane leave the ground. It passes so smoothly from earth to air, that \$\frac{1}{2}\$ is only after the pilot banks to make a turn that any real difference is felt.

Barker makes a few passes over Belle Glade, the leads for an area near the country club and lake. He turns to the passenger standing beside him in the cockpit. "I'm going to spray here to make it land over in there," pointing at an area to the left. They are spraying for mosquitos. Barker owns and operates Environmental Aviation Services Inc. For about ten years, they have been under contract by county and municipal agencies to keep the mosquito population in check through serial spraying. Most of the spraying is done in the early morning at the spray falls through the atmosphere, it kills any mosquito it hits.

As the spray falls through the atmosphere, it kills any mosquito it hits.

Siff I don't hit him, I don't get him," Barker explains. "Once it hits the ground, that's it, It doesn't have a resignal effect."

To kill-mosquitos, 'Barker uses a formula of a hilf unce of Dibrom mixed with one ounce of a diesel fuel solution per acre. "This creates about six billion droplets per acre.

"Its like going around the room with an aeroscial can," explains Barker. The process, in fact, is called aerosoling.

The spraying is done at 100 feet elevation. According to Barker, all spraying used to be done at ground level by trucks in a process called "logging,"

aerosoling.
The spraying is done at 100 feet elevation. According to Barker, all spraying used to be done at ground level by trucks in a process called "logging."
The trucks would travel down the street leaving a dense smoke behind it. Many automobiles were driven into the fafis in the back of the trucks, the auto drivers unable to see the vehicle shead because

"That's how Jayne Mansfield died," says John Stiver, a vector control consultant for Environmental Aviation. "She drove into the back of one of those trucks in New Orleans, isn't that right Howard?"

Another problem with the "fogging" method was that it would travel with the wind. One side of the street may get all of the effects of the fog and the other side none.

other side none.
"They've been controlling mosquitos by air since
about the end of World War II," says Barker, who
has been a pilot for over 20 years."It saves the town
about \$24,000 a year to control by air."

The crew is up in the air for about half an hour and

The crew is up in the air for about half an hour and the job is done.

The altitude varied between 100 feet, when the actual spraying was done, to 200 feet when the plane was brought out of one spraying run to set up for the next.

This morning, the landing is uneventful. The passengers and pilots feet the slight jolt when the tires touch the runway. The plane is taxied to the area where Barker stores his three DC-3s. Noone is there to meet him.

Sometimes, he is met by customs agents.

"I'm an official meeter of deputies at airports," jokes Barker. "Everytime you land in this country, someone comes out to see what you're doing. There are so many sumgglers."

The sun rose while the plane and its crew were in the air and it's in the process of burning off a morning haze. The cans are placed over the tubes, the pilots and their passengers get in the car and drive off.

off.
"I have to be at least 90 per cent effective before
anyone notices," says Barker. "If you have 20 mosquitos, and I kill only 75 per cent, well five mosquitos are still going to bother you. If I kill 90 or 95
per cent, well, that one or two won't seem quite so
bad."

Once the spray hits the ground, other mosquitos an move into the area and not be affected by the can move into the area and spraying.
"The larger the area I spray, the longer it lasts,"

"The larger the area I spray, the longer it lasts," says Barker.

The haze is burned off and the sun is bright. People are starting to move around. For Environmental Aviation Services, the job is done. For now. The town will have to be sprayed again in about four days.

PILOT AND CO-PILOT CONVERSE in-flight over Be Barker, left, owns and operates Environmental Aviation Services Inc., the company which handles the aerial mosquito spraying in the county and Belle Glade. T.R. Wilson is the co-pilot, left.

MAIN STREET winds its way into Belle the road early Saturday mornings. much traffic passes

WHILE BELLE GLADE SLEEPS, a DC-3 passes

designed to kill mosquitos. The town must be sprayed about once every four days.

Scholarships are available

Applications for scholarships from the South Florida Fair and Exposition, Inc. and the Florida Realtors Educational Foundation are available at the Palm Beach Junior College Central Student Financial Aid Office.

The South Florida Fair and Expositions Scholarships include one \$1,000 scholarship; two \$500 scholarships which may be renewed for up to three years, subject to participant performance evaluation by the scholarship committee.

pant performance committee.

To qualify, applicants must be attending a high school, college, university, or vocational school accredited by the Southern Association of Colleges and Schools (SACS).

credited by the Southern Association of Colleges and Schools (SACS). Residents of Palm Beach, Martin, Glades, Hendry, Okeechobee and the north portion of Broward Counties are eligible to participate in this on-going program for the benefit of young people who might not otherwise be able to further their education. The content of the c

city or our God, in the mountain or rils holimess, Beautiful for salvation, the joy of the whole earth, is Muur Zion, on the sides of the north, The city of the Great King. "Pealm 481:42 ZIV"
The most exciting city in all the world is not the largest; (Mexico City) or even one of the largest; such as New York, Chicago, Tokyo, London or one of the other really large cities in the world. It is Jerusalem because it is in a special way, God's city. I do not mean this is the only city God cares about. God cares about the people that are in every city and therefore about every city.

Now from a human point of view, Jerusalem may not be all that important. Yet, even from a human point of view it has to be important for several reasons. For one thing it has been continuously populated for more than a lot of people come and go. For another thing it has seen a long history and has seen a lot of people come and go. For another thing it has had over thirty wars fought over it. That surely gives it some human importance. But these are not the things that make it the most important and the most exciting city in the world God has done that. He picked it out long ago to be the center of His dealing with man. This is one reason that Jerusalem is so important not only to the Jews, but also to Christians and members of the Islam faith as well.

God was the one that sent Melchizedek (king of Salem Jerusalem) and priest of the God most high) out to great and bless Abraham. (Gen, 14:18-24). God had already chosen Jerusalem was on the southern slope of Mount Moriah. Later Abraham would be commanded to take his son, Isaac to a place higher up on the mountain to offer him as a sentifice. This was a test of Abraham's faith. God prevented the sacrifice. But many years later this would become a place of the Temple, a place that God selected for King Solomon to build a Temple unto God. This is the only sight that conditions that the contract of the Solomon to build a Temple unto God. This is the only sight that correct him as a search of t

world COMMUNION

The first Sunday in October is a day that unites Christians the world over in the celebration of a cherrished Sacrament Among its many revered names the sim-plest is The Lord's Supper. It recalls the eve of Christ's crucifixion ten in an upper room in Jerusalem he thered with his disciples to observe the sat of Passover. As he shared with them yad and wine he spoke of "my body, my od."

Three arrested in shooting

By DEBBIE HATFIELD

Three Clewiston men were arrested Sept. 21 in Belle Glade after allegedly taking a shot at a local man who found them burglarizing his van.

Arrested and charged with one count each of auto burglary, armed burglary, aggravated assault with a gran, one count of petty theft, and two counts of grand theft were Anthony Brown, 20, of 513 Loui-

siana St.; Arthur Lee White, 23, of 204 Harlem Gardens and Oliver Shockley, 19, of Mississippi Street, all of Clewiston.

Brown had been released from jail on \$10,000 bond after being charged with the burglary of the Clewiston Winn-Dixie Sept. 11. Shockley is also wanted on three warrants in Monroe County. In the recent supermarket robbery, Brown and another Clewiston youth, Charles Marvin Askew of

907 Carolina Ave. were charged with the \$6,954.49 armed robbery. Clewiston police officers are still investigating the whereabouts of \$3,824.49, yet to be

The Belle Glade arrest makes Brown's fifth this year. He was arrested by Clewiston police in January for retail theft: in August fir possession of cannabis; Sept. 10 for carrying a concealed weapon in the vicinity of the Clewiston Inn; and the Winn-Dixie robbbery less than two weeks ago.

In the Belle Glade shooting incident, Detective John Carmey said the three were arrested on SR 80 at Olescchobe Center by Rick Radford, a Palm Beach County sheriff's deputy.
Radford arrested them a half hour after they had shot at Nathaniel Jones when he caught them burglarizing his van at the loading ramp. Stolen merchandise in the trio's car also linked the suspects with two auto burglaries Sept. 20 at the El Ranchito on SR 80, said Carney.
All three are still being held in Palm Beach County Jail under \$2,500 bond.

Oak is Bureau field person

Kristin Oak is frequently introduced as the "prettiest Farm Bureau field man in Florida" because 22-year-old Kristin is not only pretty, she's the only woman holding a job which has traditionally been for men only.

Traditionally been for men only.

She's one of eight assistant directors of field services for Florida Farm Bureau — the other serve are men — and only the second woman to hold the post.

second woman to hold the post. Kristin, who makes her home in Clewiston, is the District 8 field man, the communications Ilaison between the state and the seven south Florida counties of Hendry, Glades, Broward, Dade, Collier, and Palm Beach County which is subdivided into Western Palm Beach. A 1981 graduate of the

A 1981 graduate of the University of Florida, majoring in animal science with electives in communications Months. with electives in communications, Miss Oak grew up in Naples and Lakeland. She also attended the Baldwin Agricultural College in Titton, Ga., where she received an associate degree in agriculture. As a member of a family that has always hadhorses, Kristin developed, an interest in agriculture at an early age and as a youngsier worked for the Kaplan feed lots in Bartow. communications,

ø

Her own quarterhorse is pastured in Moore Haven, a show horse with numerous trophies and ribbons to her credit who's now a brood mare.

Taveling around the seven counties she serves, Kristin Cak is the personal contact between the Farm Bureau county-boards and the state office on such problems as land use, water management, farm safety, the bureau's tire, battery and bureau's tire, battery and bureau's tire, battery and consideration of the bureau's Young Farmers and Ranchers program and is currently attempting to strengthen the Farm Bureau women's group, charged with exhaling the role of agri-

Gold Coast Gardener

By Gene Joyner
Urban Horticulturist
Palm Beach County
Now that we are getting towards the end of
summer it will soon be
time to get our fall
gardens going and many
people each year plant
gardens but in some cases
are not very successful.
Planting a garden is
something that must be
done very carefully in
order to get the desired
results and one cannot
take a package of seeds
and throw it on the
ground and expect much
to happen.
Garden sites should be
selected very carefully

Garden sites should be selected very carefully and should always be in sunny locations 'where there is at least half a day or more of sunlight.

These areas should be well drained and free of competition from trees, shrubs and other plantings.

competition from trees, shrubs and other plantings.

The garden should always be put in an area away from buildings that would create shadows since most vegetables would not grow well in shaded areas.

The garden area also needs to be prepared properly by enriching the extended of the shaded areas.

The garden area also needs to be prepared properly by enriching the extended of the shaded areas with a speat moss, manure, composted soil or other types of organic amendments. These need to be worked thoroughly into the upper six inches of soil at least two weeks or more prior to the garden being planted.

The final step in preparing the site is to treat the soil for inematodes, which are microscopic cellies worms that injure plant roots and cause poor

growth and even death.
Materials for nematode
control are available from
local garden supply stores
and these are added to the
soil and covered. It is
necessary, in most cases,
to wait at least two weeks
after application of these
nematicides before plants
or seeds can safely be put
into the garden.

Make sure that you
select varieties of seeds
which are adapted for our
area and if in doubt obtain a free Vegetable
Gardening Guide from
the Cooperative Extension Service office neares,
you which are adapted for our
area and also planting
dates.
Our have planted
your seeds or transplants
it is important to give the
garden regular attention.
Plants must be protected
from various insects and
diseases on a weekly
basis. Many products are
available from local
garden supply stores for
use in gardens and these

garden supply stores for use in gardens and these products are very safe to handle when used as

directed.

handle when used as directed.
Watering and fertilizing is also essential to have a successful garden and watering, in particular, must be done frequently enough that plants do not become Modeling will aid in conserving moisture and also reducing weed competition and on small gardens the entire area should be mulched if possible. In very large gardens you may only be able to afford to mulch the rows and the isles may have to be left bare.
Weed competition will

probably be one of the bigger problems for most home gardeners and mulching will eliminate a high percentage of this competition if the mulch is deep enough. If you do not mulch the garden plan

to weed at least weekly to keep weeds from becom-ing a serious problem. You may also have to spray preventively for diseases weekly while in-sects may be sprayed for on an as-needed basis.

We could use those hands.

History of Glades tourism to be discussed 3.00 Pay for two weeks Get 3rd FREE!

A Florida historian and AAA Motor Club ex-ecutive will review the history of tourism in Florida at the next meeting of the Calusa Valley Historical Society, 8 p.m., Oct. 1 in the fellowship hall of the Community Presbyterian Church in Clewiston.

The speaker will be Hampton Dunn, of Tam-

Hampton Dunn, of Tampa, author of a dozen books on the state's history and senior vice president of the Peninsula Motor Club (AAA). His topic will be "Ponce de Loon Slept Here - A History of Tourism in Florida." This is the paper that he gave at a recent annual meeting of the Floirda Historical Society, as well as before Society, as well as before the Historical Societies of Palm Beach and Manatee

James Conners, wealthly land owner and contrac-tor. 'Conners' Highway,' as it was called ran from Okeechobee to West Palm Beach and was parallel to the Palm Beach Canal.

"Conners, a Northern capitalist who needed accapitalist who needed access to his vast Everglades holdings, built his road upon a grade, of soft muck and rock. At one point its surface sank 40 feet to hardpan during construction; however, despite such a setback, the 53-mile-long hizhway was completed highway was completed in eight months. Its toll gates collected more than \$1,000 daily."

Dunn notes that Con-Dunn notes that Con-ners and his wife are credited with being the "real" Maggie and Jiggs of the comic strip produc-ed by newspaper car-toonist George McManus

ralm Beach and Manatee
Counties.

In his talk, Dunn explains that the Spanish explorer Pomes de Leon
was Florida's first
"tourist," since he was here in 1613 strictly sightseeing (and looking for a "Fountain of Youth") and did not plan to stay.

The impact of the automobile and a highway system on attracting tourists here will be graphically outlined. At one point in his dissertation, the writer recalls "Conners' Highway" at the Lake Oksechobee region. The power of the

HAMPTON DUNN *

poor winding sand-trail from Palmdale; next seven miles poorly grad-ed, deep sand road; balance graded marl ed, deep sand road; balance graded marl road."

Dunn, a former Tampa

Dunn, a former Tampa newspaper editor and Miami television com-mentator, is editor of the Florida Explorer, a publication which goes to the 425,000 members of the Peninsula Motor Club (AAA)

Dunn is active in Dunn is active in historical and preserva-tion circles. He currently is serving as Chairman of the Trustees of the Historic Tampa-Hillsborough County Preservation Board; president of The Friends historical and

of the Tampa-Hillsborough County Public Library, and presi-dent of the Florida West

dent of the Florida West Coast Professional Chapter of the Profes-sional Journalistic Socie-ty Sigma Delta Chi. He is also editor of the Sunland Tribune, Journal of the Tampa Historical Society, of which he is a founder and past presi-dent.

founder anu pass product.

His latest work is "Wish You Were Here-An Antique's Post Card Tour of Early Florida." It features turn-of-the-century post card scenes from each of the state's 67 counties, including Hendry County.

Taking care of the lawn

By Gerald Swan
Extension Agent
Ornamentals
Palm Beach County
Q. What is the best
grass to plant in a lawn in
South Florida?
Several hundre

South Florida?
Several hundred dollars can be added to the value of your home by the presence of a beautiful flawn. It is worth even more in terms of pleasure and pride it affords all members of the family. On the other hand, it can be a problem if the proper grass is not selected, and maintained.

The best lawn more and the proper can be selected, and maintained.

maintained.

The best lawn grass, like a beautiful girl, is a matter of personal opinion and preference.

There are advantages and disadvantages for every grass. What one person considers an asset may be a liability to another.

In South Florida only

Argentine Bahia and St. Augustine grasses are recommended for home ourf. There are four varieties of St. Augustine that are generally men-tioned, common Bitter

Blue, Floratam and a new variety called "Seville". A fast-growing grass may be desired during the first few months the lawn is in, but this apparent advantage turns into a disadvantage when it comes time to mow.

time to mow.

The rate of growth is determined mostly by the amount of Nitrogen fertilizer applied to the laws.

The percentage of nitrogen in a fertilizer is the first number of the analysis. A 12-6-8 would contain 12% nitrogen, this is a high rate of nitrogen and would give you rapid growth.

Color and texture of the leaves are important

leaves are important features of lawn grasses. Some, such as improved bermudas which are used tremely expensive to maintain and zoysias are as fine and soft as silk. St. Augustine, Bahia, grass are more coarse and harsh. In color, lawn grasses range from yellow-green (common St. Augustine) to bluish-

een (Bitter Blue St.

green (Bitter Bue Co. Augustine).
Weeds can be controlled in most lawn grasses grown here, if the right chemical is used and if it is applied in correct amounts at the proper

While no lawn grass is free of insect and disease pests, some seem to be more susceptible than others. This is clearly brought to your attention if you have ever had Chinch bugs in St. Augustine grass. Sod websorms and armyworms attack all types of lawn grasses grown myworms of lawn of lawn grasses grown here. If you closely watch and promptly treat with the proper insecticide or fungicide, disease and in-

sect pests can be controlled. ed.

Like people, grasses have different appetites.
St. Augustine will need 3-4 fertilizations yearly, while Bahia is perfectly content with only two St. Augustine grass will usually stay green during winter and Bahia wil

winter and Bahia wil generally turn brown. If your home is near the ocean and salt spray is a problem, a grass having salt tolerance should be

used. St. Augustine has the best tolerance to salt. Another point to consider when selecting a lawngrass is drought tolerance. Bahiagrass is far superior to the other lawngrasses under dry conditions. Bahia deep and extensive root and extensive root system allows it to sur-vive weeks without water. St. Augustine will require water once or twice a

water once or twice a week to survive. What is your preference among lawn grasse vill be your grass, and the choice is up to you. In selecting your lawn grass, consider the above points before planting your home grounds.

EVERGLADES MEMORIAL HOSPITAL

Not only are we the friendliest Hospital in the Glades, we are the busiest.

Because we are so busy, we would like to add several nurses to our present staff.

If you are a R.N. or L.P.N. looking for a full or part time position in an active hospital with a congenial atmosphere, your search is over. Come to Everglades Memorial and see how we can make you

We can offer you:

The highest salaries in the Glades.
The best benefits package in the Glades, including our new "Paid Annual Leave" days.

The most flexible scheduling in the Glades (you name the days and hours.) Best of all, we can promise you the friendliest hospital in the Glades.

Please, call the Director of Nursing, Everglades Memorial Hospital, Pahokee at 924-5201 or simply come by for a chat.
